SUMMARY

Web Designer with 3+ years of experience creating clean, user-friendly interfaces and responsive websites. Skilled in Figma and front-end development, with experience working with international clients. Focused on delivering clear, functional, and visually consistent design solutions.

EXPERIENCE

Web Designer, Makati City — November 2022 – Present

- Designed and delivered responsive website layouts using Figma, improving usability and visual clarity for client projects
- Created wireframes and interactive prototypes to communicate design concepts and user flows effectively
- Developed front-end interfaces using HTML, CSS, and JavaScript, translating design into functional web pages
- Produced branding assets including logos, banners, and marketing materials for Japanese clients, ensuring cultural relevance and brand consistency
- Collaborated with team members and clients to refine design requirements and improve overall user experience

PROJECTS

Personal Portfolio Website — kristinerein.github.io/portfolio

- Designed and developed a personal portfolio to showcase web design projects and creative work
- Built using HTML, CSS, and JavaScript with a focus on clean UI and responsive layout
- Demonstrates practical experience in UI design, layout structure, and front-end implementation

SKILLS

Design: Figma, Wireframing, Prototyping, UI Design Principles

Front-End: HTML, CSS, JavaScript

Tools: Adobe Photoshop, Adobe Illustrator
